**the young actors workshop™** has grown from over 28 years of experience teaching young children in theatre arts. Our classes and summer camps are a time-tested program designed for children ages 6-15. The program focuses on developing strong acting skills while emphasizing self-confidence, self-expression, creativity, concentration, self-esteem, individual style, public speaking, and group cooperation skills. Our classes concentrate on developing characters through imagination using acting exercises and technique, learning and participating in what goes on behind-the-scenes, exploring favorite styles, and gaining unparalleled life skills through the fun art form of acting and theatre arts. Each class will have a special, informal parent presentation during our regular season (September-May) showcasing skills and accomplishments.

Insuring the highest level of instruction, TYAW classes are staffed with the company's core of experienced theatre professionals. Our instructors are passionate educators who love to motivate children to appreciate the arts and achieve their potential.
